You are very welcome to another weekly edition of Cogar, friends!

Contact Information:

Please ensure that the school have your up to date contact details folks (email address, mobile numbers and home addresses). If any of these have changed recently please get in contact with Shona in the office. It's up to parents to ensure these are correct to ensure you receive all school correspondence!

Football Blitz:

Best of luck to our Under-11 Team consisting of some pupils from Fourth/Fifth Classes who will take part in a football blitz in Sean Tracey Park at 11am this Friday. First and Second classes are looking forward to their first football blitz on Tuesday 7th Oct at 10am in The Abbey CBS. Please wear your school tracksuit and bring your football boots/old runners and a pair of spare socks in a small bag. Everyone welcome to support!

Football Training:

A big thank you to Múinteoir Tomás who will begin lunch-time training with students from Third to Sixth Classes from next week on. We are lucky to have such a skillful GAA expert in our company. We will be expecting big results this year!!

HSE Vaccination:

A HSE nurse will join us on the 7th November, 2025, to distribute vaccinations to pupils. If your child requires a vaccination, please refer to email you will receive via Aladdin.

Buddy System:

We are so proud of the middle and older classes who have taken their 'buddy brag' under their wing over the last few weeks. Make sure to chat regularly with your child about their buddy, big or small!

'Cairdeas' Programme:

We welcomed Múinteoir Pól to the school yesterday from the Tipperary Town Schools Completion Programme. He will be carrying out a Friendship Initiative with pupils in First and Second Class over the next six weeks. We are already looking forward to our next visit from him next Tuesday! Please speak to your child about weekly lessons.

Food Dudes:

The Food Dudes initiative will start in all classes, next Monday. The scheme places emphasis on healthy eating and tasting and eating fruit and vegetables. It will continue in the Infant classes for 16 days, after which **Junior Infants** will receive a lunchbox to continue the healthy eating when the programme finishes. The initiative will continue for 5 days in First to Sixth classes, and will continue their healthy eating using their lunchboxes they received last year. Children will be encouraged to taste the fruit and vegetables and can bring them home also. If you do not wish your child to participate please contact your child's teacher. More information: <https://www.fooddudes.ie/how-it-works/>

Skipping Challenge:

All classes will participate in a skipping challenge for 3 weeks, starting next Monday as we work towards our first active flag. The children can bring in their own skipping ropes to use during the challenge and to use during small breaks and lunches on certain days. We hope to share a link to the skipping videos when/ if it becomes available.

Payments:

We are asking anyone that has not paid their school expenses to do so as soon as possible. The school is depending on this to cover the cost of art supplies, photocopying etc.
